## Cortijo

Villa El Canto offers a reimagined Ronda cortijo experience, in the picturesque Serranía de Ronda countryside. Blending contemporary comforts with Andalusian elegance, this estate is perfect for private stays, unique events, and intimate weddings. This unique 5-suite country residence, set on one level, around a central patio, features almost minimalist interior-design in light, earthy tones, with one or two striking antiques and collectables elevating each space. Suites are furnished with king beds dressed in white bed linens.

Terrace doors open to gardens, terraces, an alberca-style swimming pool, and expansive grounds including almond and olive groves and a small vineyard. Guests can also enjoy curated experiences, including flamenco shows, olive oil tastings and horse riding.

- 5 Suites with private bathrooms
- Swimming Pool with daybeds
- Gated property, about an hour from Puente Romano Marbella

## CONTEMPORARY style

Villa El Canto is single storey, built in the classic Cortijo style around a central patio. Spaces are defined by natural finishes, and clean lines. Wide, light-filled glazed corridors face the internal patio. The polished plaster walls and floors in cream and off-white, give a tadelakt-like finish. High vaulted timber ceilings are painted in whites and creams complemented by muted tones and a few bold accents, for example striking table lamps or artworks. Signature pieces add character, for example an antique cabinet, a sculptural chair or an ancient reclaimed Moroccan door, while the house remains light and contemporary. The internal patio, almond, olive, and cypress trees convey the soul of a classic Ronda cortijo.
